Subject: RE: Voicemail to Paul

The 3 discs contain the Admin Record for the 2012 FMC OU Interim ROD Amendment. Our Superfund Record Center has been scanning our older paper site files into electronic format. I asked them after I saw your message to try to determine whether and to what extent the 1998 ROD Admin Record has been scanned and electronically compiled. I also asked about Admin Records related to the 2006 and 2010 phosphine gas Action Memoranda/UAOs which were issued under CERCLA but were related to RCRA units rather than FMC OU CERCLA units. I never worked on those UAOs or on the RCRA units and thought related material may not necessarily be in our Superfund Records. I and all R10 attorneys are out of the office until Tuesday as our legal office is being relocated to another floor but the Record Center & the current FMC OU RPM Kevin Rochlin have been working with me by phone. I have now been informed that the Record Center is burning CDs for you to pick shortly. One is the Admin Record for the 2010 Phosphine Gas decision and the other is an Admin record internally labelled remedial decision which I believe is for the 1998 ROD or as much of it as has been scanned. You can call Kevin Rochlin at 206-553-2106 to arrange for pick up today & perhaps discuss what they contain once he has seen them. Our Record Center is staffed by contractors who come to voluminous site files spanning decades like this one & contents are organized and labelled differently by different staff and personnel over time. The ongoing transition to full electronic record keeping is at times challenging.

Good morning Mr. Ordine,

Thank you for providing our firm, Kilpatrick Townsend, the discs of the Admin Record referenced below.

We would like to follow up on the content of the 3 discs. Pursuant to Paul's email, he indicated that we would like to see a complete electronic copy of the EMF FMC OU Admin Record. Does this record only contain 2012 FMC OU ROD Amendments as you referenced below?

Our experts were wondering if the discs contain the record for the original Administrative Record for the ROD (1998/1999). They are also curious about the Administrative Records for the UAOs 2006, 2010 detailing gas extraction on the RCRA ponds.

Thank you for your help with this – we appreciate it.

Best regards,

Rebecca Horst

Sorry, I don't doubt you & perhaps misunderstood. I do recall your telling me record keeping wasn't in good shape but I didn't know whether you found discs your clients had. In any case I left another vm for Paul that we are having the 2012 FMC OU ROD Amendment Admin Record copied onto discs we could have ready for someone to pick up as soon as tomorrow, we're assuming that's what you want & not the EMF Admin Record that was compiled for the 1998 ROD. Paul's e-mail wasn't clear about this. I'll e-mail & call his office again here when we have it or know when it will be available.

Charlie

I very clearly told you many times during our call neither the tribes nor isu have more than a handful of emf documents. If you doubt me please review the files yourself. I am absolutely not understanding what you said In your voicemail to Paul. Are there other influences at play I am not made aware of. Please advise and respond in email or writing so there is no more confusion. Thanks. Bill
